

# Historic Neighbourhoods Walks *Bangkok 2023*

Let's join together to do Walks in the historic neighbourhoods of Bangkok but also a little bit further, exploring off the beaten tracks.

Your part is to join a small sub-team of 4 persons and to plan a 3-4 hour walking tour for the other teams. Each tour includes a rest stop and a place for a quick lunch (optional) afterwards. This activity is planned to meet once a week during 6 weeks.

Discovering new areas, increasing your knowledge of Bangkok, exploring with a team, the spirit of the Walks is sharing and having fun together.

You will discover during the orientation meeting the 6 areas we have chosen for the season 2023. Most of them are accessible by using BTS, MRT, river boats.
